

"Aaron and I wish to thank you for all the effort you put into capturing our special day. From the initial booking, meeting with us prior and through to the wedding day - the passion you have for what you do was evident. You made everything we wanted come true. The photos are spectacular and caught the true emotion we were feeling on the day.

Having you with us was as comfortable as having a long standing friend by our side. You were efficient, prepared and creative with the environment and the bridal party.

Choosing you as our photographer was the best decision we could have made, your work is perfect!

The only hard part is choosing from so many amazing photos.

We could not thank you enough Kevin. I would, and will recommend you to everyone I know.

As you know Kevin there is never anything other than perfection you create.

We LOVE our photos.

Regards,
Rachaelle and Aaron"
